POP Regulation

EU Regulation 2019/1021 (and all related amendments) on Persistent Organic Pollutants (POP)

As supplier of LED lighting systems, EFFILUX declares under our sole responsibility that the products manufactured by Effilux are compliant with EU 2019/1021/EU regulation on persistent organic pollutants, and its amendments.

Based on the analysis of the substances list and the knowledge of all our products, we can hereby certify that none of the 34 substances or group of substances listed in the above-mentioned regulation is contained in our products.
